Perfect

I'll start by saying a huge thank you to Terry. You made our day even more perfect than we could imagine. As the groom, I was very nervous before the ceremony, but you came over to me outside and just had a normal conversation with me which honestly helped me so much.

Straight away I knew the wedding would be a success with choosing you. We had 2 zoom calls with you, after the first 5 minutes we both knew you were who we wanted to help us with our special day.

Getting people in party mode. That is something I thought you might struggle with because of who our guests were, but boy was I wrong! When we was walking into the Mill Barn, every single person was on their feet cheering, waving around the napkins, it was amazing to see! Saying that, you were getting people ready for everything before the ceremony had even started! So again, thank you!

After ceremony had taken place, me and my wife had given the 2 groomsmen the job of handing out confetti. Much to my shock, I saw them both at the bottom of the line not with the confetti buckets... but there you was handing it all out to our guests, no job was too big for you, you seemed to always go that extra mile when we didn't expect you to.

We weren't very helpful with the music side of things and basically said "Terry do your magic" and believe me when I say, he did just that. The variety of music was amazing, the dance floor was always full, my wife asked Terry to try and incorporate some D&B into the set... now that wasn't your specialty but you did it and again it was amazing!

I'm not one who's great with words, but I seriously couldn't fault anything that Terry done for us on our wedding day. He made it the most special day of our lives. 10/10 for everything!

Terry, thank you so much for everything.

My Nan also wanted me to mention in my review how Terry...

Just perfect - thank you!!

We had Terry as our DJ and MC for our wedding, and he was simply amazing. We had Terry from the start of the day so he organised my ceremony, drinks reception and wedding breakfast music and introduced all of the speeches. He really helped in making the day run smoothly, I saw videos of him passing out all of the confetti and making sure people were standing where they should be so we could get some great pictures.

My Nan also wanted me to mention in my review how Terry ran and got her a chair so she could sit down during our drinks reception (which was outside, she struggles to stand for long periods of time), it honestly made her day and meant she could be involved without having to go back inside by herself. She still talks about how great Terry was every time I see her!

In terms of introducing the speeches, Terry did so with such enthusiasm and made it a really upbeat, fun atmosphere, everyone was cheering!

I didn't worry at all when it came to the evening reception, I knew Terry had listened to exactly what we wanted and I don't think the dance floor was empty once. We said we wanted a fun, party atmosphere and Terry created exactly that.

If anyone is questioning whether to book Terry, DO IT!! Not only is he one of the friendliest people you will ever meet, he takes so much of the stress of a wedding day away and does so with a massive smile on his face.

We are so grateful for you and how amazing you made our wedding.
Thank you Terry, you are truly the best!!!

Nobody Does It Better

Dear Terry, Where to begin? Thank you so much for everything on our wedding day - skill, talent, charisma, humour, fun and genuine care.

Your effortless charm and personal touches did not go unnoticed by us and our guests; so many of them asked if we actually knew each other before the wedding and if you were a guest due to your warmth and friendliness and how clear it was that it was more than just a job to you.

We loved the way you integrated everything so seamlessly and really helped make our wedding run so smoothly and stay stress-free.

The music itself was simply perfect; chosen so cleverly for every part of the day.

From meeting you for the first time at the wedding fair, visiting your home for our initial meeting, talking through every step before the wedding to the actual day, you have just been incredible, and we will be forever grateful for how special you made our wedding journey.

Thank you doesn't seem enough but...thank you. Take care and please keep in touch!

Terry was so fabulous that here we are writing a review a day after we are married!

Terry was at our venue in good time & dressed impeccably (super smart & cool) he was all set up by the time we saw him & greeted us with a huge smile & hug. Personal, professional, friendly- the best DJ ever".

"From the moment we met Terry we knew he was the one to take care of the music for both the ceremony and reception. He helped give us advice about many things. Terry made sure everyone got on the dance floor! including some relatives who never dance! Fantastic from start to finish."

I Will Always Love You

Dear Terry,

Well, it's a month now since our special day. Jane and I are back from our honeymoon and slowly catching up on things. Hard to get back to work and laundry after being a princess for two weeks. But the feeling of love and the amazing memories still float through our days and in our hearts. Hard to express how beautiful and deeply meaningful our wedding was to us both. The love and joy seemed to just swirl around us all...

... and so much of that was
because of you!

Terry, we are so grateful that we found you. Your presence, smile, professionalism, steady calm, guidance, not to mention your first class MC talents just made our day everything it was. We knew when we met you that we'd be in the very best of hands and indeed we were. Because of you, we could relax, and enjoy and just 'be' present and in the precious moments, and for that we will be forever thankful. You are a star and we hope a new friend.

Sending love and thanks,

Barbara and Jane

Simply The Best

MC, DJ & Now Friend

Picking the DJ and MC for our wedding was one of the easiest parts of wedding planning! Terry came as a recommended supplier through our venue, we got invited to a zoom meeting within a few days of emailing Terry and from the moment we began chatting we knew he was going to be at our wedding!

Terry got us straight away, understood the vibe we were going for and honestly it was the quickest yes to asking Terry to be our MC and DJ. Well roll on a year later to the big day and honestly, five stars doesn't even cut it! From chatting to the guests, making them feel welcome to introducing us to our Wedding Breakfast.

Terry really does it all and with such save and kindness - we had guests asking us if he was our friend!! I still have people now, three weeks later telling me how great the music was and if we gave Terry a playlist - no, Terry is able to listen to your likes and make a playlist for you - and my god it was fantastic.

Terry, the reviews speak for themselves!!
You really are the best thank you so much!

Terry really does go above and beyond! The best MC and DJ!

Terry is completely incredible! We had him for our whole wedding day, as MC and DJ, and he went above and beyond anything we could have expected.

He was so full of fun and energy, always smiling, and he really helped our day to run seamlessly by organising our guests, introducing speeches, making announcements, and playing fantastic music!

He took the time to really get to know us before the wedding, so when we got to the big day it was as if he was a lifelong friend! Our wedding was a mix of cultures, and he helped us to blend in some additional Norwegian wedding traditions which was a lot of fun.

Thank you for everything Terry!

This is how one happy couple felt after their meeting...

Thank you so much for meeting us last night. I'm not sure if you heard me, but as we left Starbucks yesterday, **I literally shouted "I love Terry" – a little too loudly.**

We came away so excited about the wedding – I literally had goosebumps. That said we would be honoured if you would be part of our wedding. You really do go beyond the call of duty and it is so refreshing to have someone so efficient working with us.

Best wishes

A very excited Chris and Deeba

I can't wait to hear how you'll feel about your wedding after your Zoom!
