Perfect

I'll start by saying a huge thank you to Terry. You made our day even more perfect than we could imagine. As the groom, I was very nervous before the ceremony, but you came over to me outside and just had a normal conversation with me which honestly helped me so much.

Straight away I knew the wedding would be a success with choosing you. We had 2 zoom calls with you, after the first 5 minutes we both knew you were who we wanted to help us with our special day.

Getting people in party mode. That is something I thought you might struggle with because of who our guests were, but boy was I wrong! When we were walking into the Mill Barn, every single person was on their feet cheering, waving around the napkins, it was amazing to see! Saying that, you were getting people ready for everything before the ceremony had even started! So again, thank you!

After ceremony had taken place, me and my wife had given the 2 groomsmen the job of handing out confetti. Much to my shock, I saw them both at the bottom of the line not with the confetti buckets... but there you were handing it all out to our guests, no job was too big for you, you seemed to always go that extra mile when we didn't expect you to.

We weren't very helpful with the music side of things and basically said "Terry do your magic" and believe me when I say, he did just that. The variety of music was amazing, the dance floor was always full, my wife asked Terry to try and incorporate some D&B into the set... now that wasn't your specialty but you did it and again it was amazing!

I'm not one who's great with words, but I seriously couldn't fault anything that Terry did for us on our wedding day. He made it the most special day of our lives. 10/10 for everything!

Terry, thank you so much for everything.

My Nan also wanted me to mention in my review...

Just perfect - thank you!!

We had Terry as our DJ and MC for our wedding, and he was simply amazing. We had Terry from the start of the day so he organised my ceremony, drinks reception and wedding breakfast music and introduced all of the speeches. He really helped in making the day run smoothly, I saw videos of him passing out all of the confetti and making sure people were standing where they should be so we could get some great pictures.

My Nan also wanted me to mention in my review how Terry ran and got her a chair so she could sit down during our drinks reception (which was outside, she struggles to stand for long periods of time), it honestly made her day and meant she could be involved without having to go back inside by herself. She still talks about how great Terry was every time I see her!

In terms of introducing the speeches, Terry did so with such enthusiasm and made it a really upbeat, fun atmosphere, everyone was cheering!

I didn't worry at all when it came to the evening reception, I knew Terry had listened to exactly what we wanted and I don't think the dance floor was empty once. We said we wanted a fun, party atmosphere and Terry created exactly that.

If anyone is questioning whether to book Terry, DO IT!! Not only is he one of the friendliest people you will ever meet, he takes so much of the stress of a wedding day away and does so with a massive smile on his face.

We are so grateful for you and how amazing you made our wedding.
Thank you Terry, you are truly the best!!!

Nobody Does It Better

Terry!

You were the first supplier we booked when we started our wedding planning journey three years ago even before our venue was chosen!

Music is a huge part of mine and Charlie's life. We wake up to music together with our morning alarm, we listen to music whilst cooking dinner every night and during the working day we each explore new playlists and enjoy favourites. The reason I'm taking the time to mention this is that we were anxious about finding a DJ for our wedding. We've seen the good, the bad and the ugly when it comes to DJ sets and the thought of a bad wedding soundtrack filled us with dread. Your testimonials spoke for themselves and we knew we were in good hands with you.

We knew we wanted an MC at our wedding because Charlie and I are both obsessive planners, terrified of the unknown and committed to finding the most efficient and high quality way of undertaking any task. Once again, your testimonials filled us with confidence that you were the man to trust with the smooth running of our day and to bring the energy we wanted.

Operations and music aside, we wanted someone who got us. We like to think we are a forward thinking couple and wanted a non-traditional wedding with nods towards the old customs our parents and grandparents would have shared on their wedding days. Your testimonials spoke volumes about you as a person and we knew immediately you were someone we would get on with - and our guests too!

So, having read the testimonials and set the date with you, we patiently waited for three years until the big day arrived. We trusted you to help deliver the day we had dreamt of but we were not prepared for how you would exceed our expectations.

You brought a sense of calm, comfort and joy to our wedding that - word for word, as you had predicted - left our guests asking how we knew Terry?! Everyone loved you and our engaged guests were definitely eyeing you up as a prospective wedding supplier after Saturday!

We LOVED watching the games - you orchestrated them perfectly with ease and our guests were having the time of their lives!

One of my guests told me she was thrilled to see that you smiled the entire time you performed your set in the evening - I hadn't even considered it myself but she rightly pointed out that usually DJs are hidden behind the booth looking a bit fed up but it was great to see you were taking such enjoyment in your work.

I can't not mention the requests. I was absolutely blown away when you obliged my wild bridesmaids and let us relive our crazy hen do on the dance floor! It seriously meant so much to me that you recognised how much fun I was having, it meant me and my friends could dance to our old favourites. That said, our entire guest list seemed to materialise the moment you put on Vindaloo! Oh and can I just throw in as well the salsa-ing with my Mum! I know it will have made her night!

Anyway, this is our testimonial. You can add it to your list of MANY for your future couples to read so they can get a glimpse for themselves of what you can bring to their special day. For us, you were more than a wedding supplier - you formed the memories that made our wedding day what it was and that we will cherish for the rest of our married lives.

Loads of love,
Eloise and Charlie

Show Me Love

Dear Terry, Where to begin? Thank you so much for everything on our wedding day - skill, talent, charisma, humour, fun and genuine care.

Your effortless charm and personal touches did not go unnoticed by us and our guests; so many of them asked if we actually knew each other before the wedding and if you were a guest due to your warmth and friendliness and how clear it was that it was more than just a job to you.

We loved the way you integrated everything so seamlessly and really helped make our wedding run so smoothly and stay stress-free.

The music itself was simply perfect; chosen so cleverly for every part of the day.

From meeting you for the first time at the wedding fair, visiting your home for our initial meeting, talking through every step before the wedding to the actual day, you have just been incredible, and we will be forever grateful for how special you made our wedding journey.

Thank you doesn't seem enough but...thank you. Take care and please keep in touch!

No Scrubz

Terry was amazing! He spent so much time getting to know us that everything was intuitive. He catered for every guest, made the day so special and was beyond anything we could have imagined. We had a French/Caribbean wedding and every guest was on the dance floor. (It was never empty). Terry is now THE DJ and master of music for everything.

There are no words to express our gratitude for you Terry. Thank you!

We would definitely recommend Terry, our day would not have been as phenomenal without you- thank you!!!

I Will Always Love You

Dear Terry,

Well, it's a month now since our special day. Jane and I are back from our honeymoon and slowly catching up on things. Hard to get back to work and laundry after being a princess for two weeks. But the feeling of love and the amazing memories still float through our days and in our hearts. Hard to express how beautiful and deeply meaningful our wedding was to us both. The love and joy seemed to just swirl around us all...

... and so much of that was
because of you!

Terry, we are so grateful that we found you. Your presence, smile, professionalism, steady calm, guidance, not to mention your first class MC talents just made our day everything it was. We knew when we met you that we'd be in the very best of hands and indeed we were. Because of you, we could relax, and enjoy and just 'be' present and in the precious moments, and for that we will be forever thankful. You are a star and we hope a new friend.

Sending love and thanks,

Barbara and Jane

Outstanding

MC, DJ & Now friend

Picking the DJ and MC for our wedding was one of the easiest parts of wedding planning! Terry came as a recommended supplier through our venue, we got invited to a zoom meeting within a few days of emailing Terry and from the moment we began chatting we knew he was going to be at our wedding!

Terry got us straight away, understood the vibe we were going for and honestly it was the quickest yes to asking Terry to be our MC and DJ. Well roll on a year later to the big day and honestly, five stars doesn't even cut it! From chatting to the guests, making them feel welcome to introducing us to our Wedding Breakfast.

Terry really does it all and with such save and kindness - we had guests asking us if he was our friend!! I still have people now, three weeks later telling me how great the music was and if we gave Terry a playlist - no, Terry is able to listen to your likes and make a playlist for you - and my god it was fantastic.

Terry, the reviews speak for themselves!! You really are the best - thank you so much!

Simply The Best

Terry was absolutely fantastic - we are so pleased we booked him for our day.

We had him for all day and everyone commented on how amazing the playlists were, and what a friendly and welcoming person he was. I think someone called him a legend!! He was absolutely spot on with our music tastes and we could not fault him.

Thank you so much for making our day so wonderful! We would recommend you to everyone!

Terry really does go above and beyond! The best MC and DJ!

Terry is completely incredible! We had him for our whole wedding day at Gaynes Park, as MC and DJ, and he went above and beyond anything we could have expected.

He was so full of fun and energy, always smiling, and he really helped our day to run seamlessly by organising our guests, introducing speeches, making announcements, and playing fantastic music!

He took the time to really get to know us before the wedding, so when we got to the big day it was as if he was a lifelong friend! Our wedding was a mix of cultures, and he helped us to blend in some additional Norwegian wedding traditions which was a lot of fun.

Thank you for everything Terry!

This is how one couple felt after their chat

Thank you so much for meeting us last night. I'm not sure if you heard me, but as we left Starbucks yesterday, **I literally shouted "I love Terry" – a little too loudly.**

We came away so excited about the wedding – I literally had goosebumps. That said we would be honoured if you would be part of our wedding. You really do go beyond the call of duty and it is so refreshing to have someone so efficient working with us.

Best wishes

A very excited Chris and Deeba
