Passion!

It is an honour to offer my award winning brand of entertainment to you and your friends and family.

Your wedding will be a memorable chapter of your life story where you love, laugh, socialise and dance.

My passion for creating floor-filling moments coupled with a desire to do everything I'm able to, to make your day and night everything you want, are what motivates me to deliver a wedding DJ service you'll struggle to find copied nationwide.

MONEY BACK GUARANTEE

I promise you'll love everything I'll do for you, or your money back, and with the distinction of a 100% client satisfaction record to date you can be certain of a night you'll love.

Endorsed by expert judging panels and most importantly past brides and grooms, I'm offering you the

highest standard available for a wedding DJ nationwide.

Take a look at the [UK](#) and [International](#) videos from past weddings I've DJ'd at, notice how each wedding is different, feel the excitement, imagine the fun, because as your wedding DJ I'll customised your music to your exact desires to perfectly reflect what you and your close friends and family really love to dance to.

AWARDS WON

Between 2012 and 2019 I've won 8 wedding industry awards including best international and best national wedding DJ.

I now sit on the judging panel of the two premier awards organisations in the UK and Ireland; and I'd be delighted to be of service to you.

What Music Do You Play?"

Is a question I often get asked, and my answer is always the same – “It depends on the music you and your guests love to dance to” because it’s YOUR big day, not mine! And I want to deliver an atmosphere that you and your friends and family will love - It really is all about YOU!

So tell me the songs and genres you love the most, it’s also important to know what you dislike so I can focus on the perfect songs for you.“

This allows me to match the right floor filling hits to you and your guests setting your reception up for a night to remember!

View songs like your best friends!

We all have different ones right? Look at it this way: Imagine walking into your wedding reception with your newlywed by your side, and not knowing anyone in the room – would you feel a little isolated? Probably, and if I play unknown songs or weak hits your friends will wonder what on earth is being played, feel disconnected and may leave early as a result.

The Terry Lewis Way

Now imagine walking into the same room but this time every single person is a good friend you love being around.

Theses are the feelings and atmosphere you will create by playing the big hits that everybody knows!

The end result is your guests will feel connected, have more fun and create memories they will treasure forever.

Express Yourself!

Invite me to provide your 4 Part Ceremony Music Prelude:

This chapter of your marriage is all about love and anticipation for your imminent wedding, so create an atmosphere of romance with music of your choice as guests gather. As a guideline, up to 45 minutes of mood-setting music will be needed for your prelude.

Processional:

Imagine having your flower-girls and bridesmaids precede your aisle entrance to their own piece of music then allowing me to blend-in your 'Exclusive Entrance Theme' as you float up the aisle. Personalise it even more by picking the most poignant part of your song to start from for eg 1minute & 37 seconds in from the start. I'll softly fade your theme as you reach the front.

Signing the register:

At this point the mood and atmosphere is still very much about love and romance so select love songs of your choice as you sign and pose for photos. Choose personal tracks that played an important part in your relationship as this will connect your emotions tighter to the occasion.

Recessional:

Then float back down the aisle to your celebration track as guests cheer and applaud you as the new Mr & Mrs!

Wow Factor LED Dance Floor

A dramatic white or black gloss starlight LED dance floor will add that much needed sparkle to your wedding making you feel like a prince and princess for the day!

Wedding Breakfast Background Music

Having superb music played during your meal offers a brilliant way to put guests at ease, paving the way for sparkling conversation.

You may want to create a mood of elegance and timeless romance, in which case ratpack may be right for you; alternatively you may want a more contemporary feeling of love at your wedding so today's well known ballads may suit you better.

Not sure what to go for? A very popular solution is to start

classy and formal then move onto the fun and relaxed styles as you work your way through each course of your mouth watering wedding breakfast. I call this a gradient of genres that builds anticipation and excitement in the minds of your guests, pointing to your eagerly anticipated party later on in the evening.

Master of Ceremonies

I'll bring a modern, relaxed and fun flow to proceedings, handle all your etiquette and organisational concerns so you can focus on what's really important – enjoying your wedding day.
